

History, Legends & Lore

Certified history guides dispel the rumors and myths with authentic information about the "Duke City" as they escort you on an exciting adventure through time. Embark on a 75-minute walking tour which takes you through the streets and alleys of one of the oldest towns in North America.

Life has flourished in the Land of Enchantment for thousands of years. Many early American Indian tribes inhabited nearby pueblos and the Spanish Conquistadors explored the Southwest in search of the mythical Seven Cities of Gold. Old Town was founded in 1706, over seventy years before the United States became a country, and has thrived on the banks of the Rio Grande River for centuries.

Uncover Old Town's unusual and extremely well hidden architectural details. Reminisce about early southwest pioneers' daily struggle to survive. Relive the sights and sounds of the Civil War as Confederate soldiers entered the Plaza. Imagine early merchants as they traveled the Camino Real or the Santa Fe Trail for trade.

Tours include interesting trivia and fun facts of Albuquerque and the state of New Mexico. This tour is perfect for both locals and visitors to the Land of Enchantment. Step back in time and experience our History, Legends & Lore.

Ghost Tour of Old Town

Legends, folklore and history come to life as you embark on an intriguing excursion through 300 years of haunted history. Old Town was founded in 1706, and for over three centuries people have lived and died around the Old Town Plaza. The historic buildings and dark alleys conceal the long-forgotten secrets of battles, murders, hangings, and hidden cemeteries.

Our professional guides escort you on a 90-minute, lantern-lit adventure. You will search for the lost souls of early residents, Civil War phantoms, wandering apparitions and over one dozen ghosts who have made Old Town their eternal home.

Learn the history and basics of Ghost Hunting from our own certified Paranormal Investigators. Hear the chilling stories of actual events. Old Town is one of the most actively haunted locations in North America. Residents, employees and tourists have all experienced unexplained phenomena. From actual sightings of full apparitions which seem to vanish impossibly into thin air; to disembodied voices heard in empty buildings; even objects moving mysteriously on their own.

Come with an open mind & bring your digital camera. Guests have captured many curious and unexplained phenomena in photos taken during the tour. Review the evidence, and then decide for yourself the possibility of the existence of ghosts.
